

# 2023 Sample Placed Camp Questionnaire

## for Theme Camps, Villages, and Theme Camps within Villages

*\* Support Camps in Villages will be asked Support Camp Questions - please see Support Camp Sample.*

This document provides the instructions and questions that will appear on the 2022 Placed Camp Questionnaire for reserved camping in Black Rock City. You must complete the actual questionnaire through your Burner Profile online at <http://profiles.burningman.org/participate/brc/>. We recommend reviewing this document thoroughly and drafting your responses in a separate document before completing the online form. The questionnaire opens on February 15, 2023.

### Placed Camp Questionnaires Due

For theme camps, villages, and all camps within a village  
**Thursday, March 30, 2023 @ 12 Noon Pacific Time**

You can expect notification of placement decisions via email by early-June. If your camp is not selected for placement, you are welcome to [set up in open camping](#) after the Gate opens.

Multiple volunteers on the Placement Team review every questionnaire. **If you are a long-standing theme camp or village, we recommend that you complete the questionnaire assuming we will be seeing the information you provide for the first time.** Please review and update your questionnaire each year as needed.

### General Theme Camp Information you should read

- [Camp Placement Criteria](#)
- [Good Standing Criteria](#)
- [Sound Policy](#)
- [Camp Resource Guide](#)
- [Deliveries to BRC](#)
- [Securing Your Structure](#)
- [Cultural Direction Setting & Decommodification](#)

Need help planning your camp? Experienced camp leaders are available to help you through the [Camp Support Team](#)!

### Camp Lead, Placement's Main Contact

The person who fills out this questionnaire will be Placement's main point of contact for any questions or issues regarding your camp and will be referred to as the Camp Lead or Village Mayor. We will contact them using their Burner Profile email; please make sure it is up to date on the previous page. Due to the large volume of emails, Placement will only correspond with the Camp Lead/Village Mayor. The Camp Lead/Village Mayor is responsible for resource distribution (i.e. if applicable - Stewards Sale tickets, Work Access Passes, camp placement location) and they will receive all camp-specific announcements. Placement will not intervene in internal camp disputes.

A Camp Lead can change after the Placed Camp Questionnaire is submitted by having the current Camp Lead email [placement@burningman.org](mailto:placement@burningman.org) to give us permission to change this information. The email must come from the Burner Profile submitted in the questionnaire, with the new camp lead's Burner Profile CC'ed. The new camp lead must respond and confirm the change to complete the process.

Camps/Villages should also identify additional contacts on the questionnaire. If a Camp Lead is unresponsive or a placement-related issue arises, such as requiring more information about the camp, the Placement Manager will rely on information from these additional contacts on behalf of the camp.

# THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

## Layout Plan Uploads

Please prepare your camp layout plan prior to starting your Placed Camp Questionnaire. You can find instructions and samples on the Theme Camp and Village [Layout Plan Criteria & Sample](#) page.

Layout plans are required to complete the Placed Camp Questionnaire. Please do not use a "placeholder" file, as this could disqualify your questionnaire. We need your actual plan for the current year within your questionnaire. (Camps within Villages are not required to upload a separate plan — their plans should be incorporated into the Village plan). If your layout changes after submitting your questionnaire, you can send updated plans to [placement@burningman.org](mailto:placement@burningman.org).

## Final Instructions

You may save and return to your questionnaire as often as you need by using the "Save and Continue" button at the top of the questionnaire screen.

**We highly recommend drafting your answers in a separate working document (like a MS word or Google doc) and then copy-pasting your answers into the questionnaire when you're ready to submit everything.** Some internet browsers may time out this webpage, causing you to lose your work.

## Remember - you must SUBMIT your questionnaire before:

- **March 30 @ 12 noon Pacific Time for returning theme camps/villages and camps within a village.**
- **April 20 @ 12 noon Pacific Time for all support camps.**
- **We highly recommend beginning a questionnaire at least 2 weeks before it is due.**

**We know that unexpected things can happen in life so be sure at least one other person in your camp besides the Camp Lead is aware of the deadline and can take over the questionnaire if needed.**

Once you submit your questionnaire, you will receive an email confirming the receipt of your questionnaire. **If you do not receive an email, it means we DID NOT receive your questionnaire and there is likely an error on your end.** Every year we get emails after the deadlines from camps who thought they submitted questionnaires, but were never fully submitted.

If you don't receive a confirmation email, go back into your "Save and Continue" link to complete and submit the form. If you are sure you submitted but still don't receive a confirmation email, reach out to us at [placement@burningman.org](mailto:placement@burningman.org) **BEFORE** the deadline.

## Technological Requirements

**Due to functionality issues, please do not use a mobile device to file your placement questionnaire.** If you have technical issues with the form, please reach out via the [Contact Us](#) link in the Profiles menu above.

**The only way to submit answers to the questionnaire is through the online form. Please DO NOT mail or email your questionnaire answers.** This does not give us all the information we need. We will only accept Placed Camp Questionnaires via the online form. Thank you!

# THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

**Note: Questions in black are asked of every camp category**

**Questions in brown are conditional and are not required unless you meet the condition**

**All questions with an \* are required if you meet the condition**

**If you are the Camp Lead on file for a returning camp...**

**Are you from [PREVIOUS CAMP]?\***

It looks like you submitted a Placed Camp Questionnaire for [PREVIOUS CAMP] in [YEAR].

(You can change your camp's name, camp category, interactivity, or any details later if you'd like, but we want to know if you're representing the same people.)

This helps the Placement Team with continuity between your past camp(s) and this year's camp questionnaire.

( ) Yes, that's us!      ( ) No, I'm creating a new camp with new people.

When possible, we pre-populated some of your questions with answers you provided on previous forms. Please feel free to leave them as-is, or to edit, replace, or expand on them as needed. The character limit is sometimes higher on this form than it was on previous forms to give you more space to explain your camp details. We love to know as much detail as possible about your in-camp interactivity and for you to paint a clear picture of what your camp looks like.

## Camp Categories

If you are unfamiliar with the types of camps that receive reserved placement in Black Rock City, please review the descriptions of [Placed Camp Types](#).

### Theme Camp

An interactive camp that is approved by the Placement Team based on the [Theme Camp Criteria](#). Resources such as Work Access Passes (WAPs) are provided by the Placement Team.

### Village

A village is made up of two or more theme camps and any additional sub-camps joining together to share resources. Village populations must be 38-50 people or more. They can be a mixture of theme camps and support camps (art, mutant vehicle or work support). If the village has only two sub-camps, they must both be theme camps.

The Village Mayor communicates with Placement and manages the distribution of Work Access Passes (WAPs) provided by the Placement Team. Tell us how many and list which camps are within your Village at the top of the Interactivity section below.

Camps within Villages are required to complete a Placed Camp Questionnaire, too. If you are a Village Mayor, please instruct the leads for each of the camps within your village to submit a questionnaire for their camp.

# THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

## **Camp within a Village**

**Completing this Placed Camp Questionnaire is required for all sub-camps within Villages, regardless of their category.** These camps should select Camp within a Village as their camp category and will be asked what type of camp you are (theme camp, art support, mutant vehicle support, etc.). This questionnaire captures details of your participation and offers the opportunity for your camp to be listed on the Burning Man website. It also helps the Placement team understand the full interactivity of your Village. Stewards (formerly Directed Group Sale) tickets and Work Access Passes for theme camps within villages will come from the Village Mayor.

## **Art Support Camp**

If you have or will register an on-playa Art Installation with the Art Department, you can request an Art Support Camp for your group's reserved camping. An Art Support Camp is for the art installation build crew and their essential support crew only. You will be asked for the name of your art piece and the number of people who will be camping at the camp. Resources such as Work Access Passes for the art installation are provided by the Art Department (not from Placement). Please note that Art Support Camps must be affiliated with a registered art installation and must complete the Art Installation Questionnaire for your art to be placed by the Art Department.

## **Mutant Vehicle Support Camp**

If you have or will apply for a Mutant Vehicle license from the DMV, you can request a Mutant Vehicle Support Camp for your group's reserved camping. A Mutant Vehicle Support Camp is for the mutant vehicle build crew and their essential support crew only, per the [population criteria](#) and can be no larger than 200'x200. You will be asked for the name(s) of your mutant vehicle(s) and the number of campers. Resources such as Work Access Passes for your mutant vehicle are provided by the DMV (not from Placement). Please note that Mutant Vehicle Support Camps must be affiliated with a licensed Mutant Vehicle and must complete the Mutant Vehicle Application to receive a license from the Department of Mutant Vehicles. If your vehicle is not approved by the DMV, your mutant vehicle support camp will not be offered placement.

## **Work Support Camp**

If you are working for a Burning Man Department on playa, you can request a Work Support Camp for your group's reserved camping. At least half of the campers must be active staff (staff includes volunteers!). Resources such as Work Access Passes are provided by your Burning Man Department Manager (not from Placement). Department managers must verify your status as active staff to qualify for this category.

## **Burning Man Department**

A department camp is an official reserved space for Burning Man Project Departments to operate on playa. Department camps must be pre-approved by Event Leadership and the Placement Questionnaire can only be submitted by designated Burning Man Project staff.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### What is your camp category?\*

If you're a camp within a village, select that here, and we'll ask you exactly what type in the next question.

- |  |  |
|--|--|
| <input type="checkbox"/> Theme Camp            | <input type="checkbox"/> Mutant Vehicle Support Camp |
| <input type="checkbox"/> Village               | <input type="checkbox"/> Work Support Camp           |
| <input type="checkbox"/> Camp within a Village | <input type="checkbox"/> Burning Man Department      |
| <input type="checkbox"/> Art Support Camp      |  |

### If you are a Camp Within a Village...

#### Type of Camp Within a Village

What type of camp is your camp within a village?

- |   |  |
|---|--|
| <input type="checkbox"/> Theme Camp       | <input type="checkbox"/> Mutant Vehicle Camp |
| <input type="checkbox"/> Art Support Camp | <input type="checkbox"/> Work Support Camp   |

#### For camps within a registering village: name of village?\*

Note: All Support Camps within Villages will be asked Support Camp Questions. Please review the PCQ Sample for support camps to determine those questions.

### Camp/Village Name?\*

Please provide the name of your Camp or Village. You are limited to 33 characters.

Please do not use symbols or special characters in your camp name, as they make it difficult to find your camp in our database. You may wish to drop words like "A", "The", and even "Camp" from the beginning of your camp name.

To honor our principle of [Decommodification](#), you must not use or include the name of your commercial business or enterprise in your camp name. Burning Man is not a festival; camps of any type cannot sell products or services or promote any commercial endeavor in connection with their activities in Black Rock City. For example, if you're a group of people who work together somewhere, your company or organization cannot be represented in the name, paraphernalia, or interactivity of your camp.

If we discover your camp name is the same as a business or enterprise you're affiliated with, we will ask you to change the name of your camp or will deem you ineligible for placement.

### Returning or New Camp\*

Are you representing a returning theme camp or village, or are you starting a brand new camp?

- ☐ We are a returning camp      ☐ We are a brand new camp

### Previous Camp Information

If this camp, or a version of this camp, participated last year with a different camp name, please provide the name of your camp last year. And/or, provide the name of the previous camp lead.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### **NEW** Camp Founder\*

What are the first and last name(s) of your camp's founder(s)?

Please list one per line.

### **NEW** Humans Uniting for Better Sustainability (HUBS): Sharing Power and Other Resources

As part of the effort to make Black Rock City more environmentally sustainable and in the spirit of communal effort, we encourage camps to share infrastructure like power, transportation, heavy equipment, and other resources. To offer a resource or find other camps to partner with, we highly encourage you to utilize [Spark](#), a Burning Man collaboration tool.

While Placement has always tried to put camps together who requested to be neighbors, the HUBS process gives priority to camps who are partnering to efficiently share resources such as power, water, and transportation. Rather than rely on Placement to determine your neighbors and leave resource-sharing up to chance, you can collaborate and form partnerships with other placed camps.

#### **Forming a HUB\***

Are you forming a HUB with other camps?

If you answer "no" to forming a HUB, you can still request to be near camps later in the questionnaire.

☐ Yes ☐ No

#### **If you are a Village or answered YES to "Forming a HUB"...**

##### **HUB or Village Camps\***

List the names of every camp within your village or HUB.

If forming a HUB, the other camps in your HUB must also list your camp in their questionnaire to be considered for a HUB.

Put each camp on a separate line.

For example:

*Camp Dancealot*

*Birthday Camp*

#### **If you answered YES to "Forming a HUB"...**

##### **Shared Resources\***

Indicate which resources are being shared.

☐ Power (Generator)

☐ Power (Renewable/Solar)

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

- |   |   |
|---|---|
| <input type="checkbox"/> Waste/Grey Water Containment and Removal | <input type="checkbox"/> Medical Supplies       |
| <input type="checkbox"/> Fresh Water                              | <input type="checkbox"/> Fuel                   |
| <input type="checkbox"/> Shower                                   | <input type="checkbox"/> Shade                  |
| <input type="checkbox"/> Kitchens/Food                            | <input type="checkbox"/> Structures             |
| <input type="checkbox"/> Transportation (People/Ride share)       | <input type="checkbox"/> Performance Stage      |
| <input type="checkbox"/> Transportation (Cargo)                   | <input type="checkbox"/> Lighting               |
| <input type="checkbox"/> Storage                                  | <input type="checkbox"/> Common Areas           |
| <input type="checkbox"/> Tools/Equipment                          | <input type="checkbox"/> Access or Fire Lanes   |
| <input type="checkbox"/> Heavy Equipment                          | <input type="checkbox"/> Interactivity          |
| <input type="checkbox"/> Sound Equipment                          | <input type="checkbox"/> Leave No Trace Efforts |
|   | <input type="checkbox"/> Bike Sharing           |

### Resource Sharing Details\*

Please provide a brief description of what you are sharing with the other camps in your HUB.

For example, sharing a generator between two separately registered camps not only reduces equipment and transport to playa, it also reduces the number of stops the fuel trucks make per day, and can make your camp power plans more resource efficient.

### Attention:

**This page requires you to upload your HUB Layout. If your Hub Layout is not ready, or if you are on a mobile device, please click Save and Continue at the top of this page and come back later.**

### HUB Layout\*

Please submit a map that details the orientation of the camps to each other, indicate the frontage of each camp, and illustrate/label what your camps are sharing that require the configuration (such as a power grid).

While we will try to work with your requested shapes, we may need to modify the configuration based on available space or for neighborhood planning purposes. Most BRC blocks have a depth of ~250'. Esplanade to A and E to F are ~400-450' deep. Average length of full blocks is around 1000'.

### Layout Specs

- Include camp names and the name and email address of a primary contact for the HUB layout
- A rough, overhead view is okay.
- Include the dimensions of each of the borders of the individual camps.
- Indicate camp frontages for each camp.
- Indicate 20' fire and access lanes in your layout if your camps
  - o have a depth greater than 125' from any frontage on a street,
  - o OR They are being serviced by an OSS Vendor for water delivery or pumpouts,
  - o OR They are part of the PETROL Fuel Program and require servicing of a generator/fuel tank that is further than 20' from the street or are within 20' but have obstructed access
- Indicate where adjacency between specific camps is necessary.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### File Requirements

- Upload only a one-page HUB layout here.
- Maximum file size: 10 MB.
- Accepted file types: .jpg .jpeg .png .pdf.
- You must convert .heic format photos to jpeg before uploading. There are many [free websites](#) that offer this service.
- Filename must not have spaces.
- The file extension (i.e., .jpg) must be included.
- You must use a computer (not a phone or tablet) to upload your images.
- You must have JavaScript enabled. If you need help with that, see: [enable-javascript.com](#).

If you are on a mobile device, please use Save and Continue and finish this section of the form on a computer. This is a required question, but may not function as such on a mobile device. If you do not upload your final layout plan, your questionnaire cannot be processed.

Larger files may take a couple of minutes to upload.

## Interactivity, Camp Features, Physical Description, Health/Safety

### For Theme Camps...

#### **Interactivity Description\***

Theme Camps, Villages, and the Theme Camps within a Village encourage people to get off of their bicycles, out of their art cars and be with each other in the city connecting and doing fun, creative things. The Placement Team evaluates Theme Camp, Village, and Theme Camp within a Village questionnaires based on the [Camp Criteria](#).

In-camp interactivity is core to both the placement process and Black Rock City. Interactivity is public, available to all citizens of Black Rock City, and takes place within camp (not mobile in the open playa). Interactivity includes hosting, inviting and engaging people to interact, in addition to passive objects or do-it-yourself (DIY) experiences. Interactivity also includes ways your campers are contributing culturally and creating spontaneous community interactions (i.e. shenanigans, etc).

Please describe what you are doing within your camp (not mobile or outside camp) to create and encourage interactivity. If someone walks up to your camp, what might they experience?

We must see your plans for happenings, service, gifting and/or hosting in great detail. Please differentiate between what activities are scheduled, and which activities may occur more sporadically or spontaneously. If your interactive offering is more spontaneous in nature please give us an example of what a day at your camp might/could look like.

# THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

Please provide detail as if we do not know your camp, even if you have been placed before.

If you are a returning camp and telling us about changes to your interactivity, please tell us the details of all your interactivity in this question, including different or changed interactivity, and highlight those changes in the following question.

This is the most important information we are collecting from you.

Note: All Support Camps (art, mutant vehicle, work), are not required to provide in-camp interactivity, but if you are, please share your plans here. If not, please write "N/A".

## **For Theme Camps...**

### **Returning Camp, Changed Interactivity**

If you are a returning camp and your interactivity has changed, please highlight your changes here. The details of all your interactivity, including changed interactivity, should be captured in the question above so just list changes to previous years here. 1000 character max.

## **For Theme Camps...**

### **Schedule of Interactivity and Happenings**

Important: Playa Events / WhatWhereWhen submissions are entirely separate from this questionnaire! In early June, we will announce when Playa Events submissions will open up via the Placement Newsletter.

Meanwhile, we need to know — what's happening in your camp throughout Burning Man event week? When will your camp be active and open to the public? This schedule is for Placers to understand at a glance generally how often and when your camp will be interactive and happening. It also helps us create vibrant neighborhoods and plan complimentary schedules and activities between neighboring camps.

**Please make sure that a description of each of these happenings is described in the interactivity section of the questionnaire.** It's OK if you don't have your final dates, times, or event descriptions worked out yet.

If your camp tends toward more spontaneous happenings rather than scheduling, please use this section to give us an idea of what a typical day might look like if we visited your camp.

### **Instructions:**

- Start each entry with specific start/end times. You can also approximate AM or PM or Morning/Afternoon/Evening/Late Night.
- Include estimates for how many hours it will be happening if you don't have exact times.
- Include a title. If it requires detail, you can explain in the previous question (Interactivity Description).
- Include the number of people who can participate in the activity.
- Please only include one item per line so it's easy to read.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

Example:

MONDAY

"10am-12pm - Hosting life-size whack-a-mole tournament - 30 people

Afternoon 2 hours - Gifting weddings and snowcones - 200 people

Late night 4 hours - Moles & Spies Party with mole nose gifts for all! - 50 people"

### **Interactivity/Happenings - Sunday after 6pm (the day the Gate opens)\***

Write "N/A" if you don't have anything happening that day.

### **Interactivity/Happenings - Monday\***

Write "N/A" if you don't have anything happening that day.

### **Interactivity/Happenings - Tuesday\***

Write "N/A" if you don't have anything happening that day.

### **Interactivity/Happenings - Wednesday\***

Write "N/A" if you don't have anything happening that day.

### **Interactivity/Happenings - Thursday\***

Write "N/A" if you don't have anything happening that day.

### **Interactivity/Happenings - Friday\***

Write "N/A" if you don't have anything happening that day.

### **Interactivity/Happenings - Saturday\***

Write "N/A" if you don't have anything happening that day.

### **Interactivity/Happenings - Sunday (Temple Burn)\***

Write "N/A" if you don't have anything happening that day.

## **For Theme Camps and Villages...**

### **NEW PEERS**

Placement's Exploration and Engagement Squad (PEERS) is a team of volunteers from all over Black Rock City, many who are theme camp organizers themselves, who help Placement understand how things are going in our theme camps and neighborhoods by visiting camps and creating a feedback loop between camps and Placement.

### **PEERS Visit - Hours\***

What is the best time of day for PEERS to visit your camp?

☐ Morning

☐ Afternoon

☐ Evening

### **PEERS Visit - Day\***

What is the best time of day for PEERS to visit your camp?

☐ Early in the week

☐ Later in the week

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### PEERS Visit - Interactivity\*

What is the best time of day for PEERS to visit your camp?

☐ During our camp interactivity ☐ Not during our camp interactivity

### Camp Special Features — How we are good neighbors and BRC citizens!\*

Please check all that apply.

- ☐ Primarily Morning Interactivity (6am-12pm)
- ☐ Primarily Afternoon Interactivity (12pm-6pm)
- ☐ Primarily Evening Interactivity (6pm-12am)
- ☐ Primarily Late Night Interactivity (12am-6am)
- ☐ 24 Hour Interactivity (come to our camp any time, 24/7)
- ☐ Acculturation for First Time Burners (we know all 10 principles and we like to teach, send your newbies our way)
- ☐ Our camp is open to new people looking for a camp to join
- ☐ We take radical inclusion seriously and celebrate diversity
- ☐ Our camp offers financial assistance to low-income campers or other under-represented groups
- ☐ LGBTQ+ ally (We're good neighbors to everyone regardless of sexual orientation)
- ☐ We have Black, Indigenous, and People of Color (BIPOC) in our camp who wish to connect with other BIPOC Burners
- ☐ Interactivity is accessible to people with disabilities
- ☐ Bringing heavy equipment to build and we're willing to lend it to other camps
- ☐ Interested in holding a workshop or performance in Center Camp Cafe
- ☐ Interested in being placed near a BxB Bus Stop to assist with arrivals
- ☐ Interested in building art or a pavilion in one of BRC's inner-city plazas (such as 3:00+B). Please remember to

complete the Art Installation Questionnaire if you plan to submit a plaza piece.

- ☐ Willing to transport our neighbors around the playa in our registered mutant vehicle
- ☐ Willing to host artists or cultural leaders if needed. (Sometimes people need a camp to join, if you could offer space for up to 10 people, tick this box and we'll follow up if necessary)
- ☐ Willing to host workshops or performances by other groups in our space
- ☐ We are leaders in environmental sustainability and can help others learn how to be carbon neutral/negative
- ☐ Our camp is interested in joining a community of theme camp leaders working towards the Burning Man Sustainability Goals
- ☐ Bringing basic first aid supplies for ourselves and our neighbors (vinegar, moleskin, bandages, tampons, etc.)
- ☐ Public internet/wifi available
- ☐ We are a family-friendly camp and we'll have kid-oriented activities
- ☐ Our campmates include children under 18
- ☐ We practice consent culture and can be a resource for others about it
- ☐ When not in Black Rock City, most of our campmates reside outside of the United States
- ☐ Our camp's infrastructure might be available for civic projects off playa. (Burners Without Borders may contact you to be included in the BWB Resource/Asset Map)

# THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

## Physical Description\*

Please describe in detail the physical aspects of your camp and camp layout.

We suggest that you start with your public/interactive space, then describe your camp's back-end/non public space. Include a description of features such as structures, buildings, vehicles, tents, platforms, and the locations of your power sources.

## Night Lighting

If your camp will be lit at night, describe your camp's night-time lighting.

## Project Features

Which, if any of the following features will your camp include? Please check all that apply.

- |  |   |
|--|---|
| <input type="checkbox"/> Bar and serving alcohol (21+ only)  | <input type="checkbox"/> Public Pool  |
| <input type="checkbox"/> Amplified music or sound  | <input type="checkbox"/> Food gifted and/or private kitchens feeding more than 125 people |
| <input type="checkbox"/> Drumming  | <input type="checkbox"/> Fire Performance   |
| <input type="checkbox"/> Structure over 10 feet high designed for lodging (not expressly manufactured as such, ie: RV) | <input type="checkbox"/> Flame Effects  |
| <input type="checkbox"/> Structures over 15 feet high  | <input type="checkbox"/> Scaffolding  |
| <input type="checkbox"/> Structures over 24 feet high  | <input type="checkbox"/> Public bathing and/or communal showers                           |
| <input type="checkbox"/> Holes dug in the playa  | <input type="checkbox"/> Private Shower for Campmates                                     |
| <input type="checkbox"/> Massage   | <input type="checkbox"/> Activities for mature audience                                   |
| <input type="checkbox"/> Performance stage   |   |

## Public Health & Safety

**If you answered YES to “Food given...feeding more than 125 people”...**

### Serving Food at Burning Man

If you wish to share, gift or serve food and/or non-alcoholic beverages to the public or general Burning Man population, regardless of the number served; or if you will be serving food or non-alcoholic beverages to more than 125 people in your theme camp, a temporary food permit is required from the Nevada Division of Public and Behavioral Health (NDPBH), Environmental Health Section (EHS), per Nevada Revised Statute (NRS) 446.870.

Information on how to apply and the Burning Man specific food permit application are available at the [Nevada Division of Public and Behavioral Health \(DPBH\)](#).

**If you answered YES to “Serving Alcohol” at Burning Man...**

### Serving Alcohol at Burning Man

If you are serving alcoholic beverages, you may only serve them to those over the age of 21.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### If you answered YES to “Public pool” and/or “Public bathing and/or communal showers”...

#### Public Water Use at Burning Man

Contact with untreated waste wash water, aka "gray water" is a health risk, and of course should be avoided.

Large quantities of water (250 gallons+) being used for projects that entail full body contact or consumption by people must be "potable" and come from Nevada State Health Division approved sources.

Water being used for misting systems and in ways that do not involve consumption do not need NSHD clearance. However, it is wise to make sure that you have "potable" water and the source is reputable!

Public pools and showers that hold or recycle water – those allowing contact with contaminated gray water – will not be permitted. Art pieces involving water are not considered showers unless they are labeled such and encourage bathing.

### If you answered YES to “Activities for Mature Audiences”...

If your project will include activities for mature audiences or that raise health and safety issues, which of the following will be included? Please check all that apply.\*

☐ Legal pornography

☐ Tattoo

☐ Massage

☐ Sex-related Activities

☐ Piercing

☐ Activity Requiring Adult Consent

#### Sound Amplification\*

Will your camp have sound louder than 90 dB at 20 feet?

Please review Black Rock City's [Sound Policy](#).

☐ Yes ☐ No

### If you answered YES to “Sound Amplification”...

#### Sound Amplification Details\*

If yes, please provide details regarding your sound amplification. Please tell us the output, in watts, of your sound system, the type of system, and number of speakers.

If your camp will be louder than 90 decibels at 20 feet; you must camp in the Large-Scale Sound Art area (2:00 & 10:00 Avenues) of Black Rock City.

Camps within the city limits must respect the sound policy of camps by limiting their sound spill-over to not disrupt other camps. Within the city (everywhere except on 2:00 & 10:00 Avenues), a maximum power amplification of 300 watts is permitted, not to exceed 90 decibels, when measured at 20 feet from the source.

For more details, please read the [Sound Policy](#).

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### Big-Name Performers\*

Will you be featuring any big-name DJs or performers?

Remember, it is against Burning Man [policy](#) to publish or advertise your DJ or performer line-up more than one week in advance of the event. If we find that you're announcing your line up before our stated deadlines, this will affect your standing with placement. Please ensure your artists are also aware of this.

☐ Yes ☐ No

**If you said YES to "Big-Name Performers"...**

#### Big-Name Performer List\*

If you will be featuring big-name performers, please list them below, one per line.

### Large Crowds\*

Do you anticipate hosting crowds of 250 or more at any one event?

We expect you to think about and plan for bike parking, keeping crowds within your camp and off of the street and keeping those crowds safe. Please plan ahead. Please include space for sufficient bike parking off of the streets in your camp layout plan.

☐ Yes ☐ No

## Camp Population, Acculturation, Contacts, Public Info

### Total Number of Campmates\*

How many people will be camping with you?

Please provide your best estimate on the number of people who will be in your camp. Camps and Villages are limited to a maximum of 400 people. If you are considering a very large camp/village, please contact [placement@burningman.org](mailto:placement@burningman.org) for support.

### Breakdown of Campmates\*

Please break down your total number of campers by their primary commitment in the categories below.

- **Number of campmates** primarily committed to providing in-camp interactivity
- **Number of campmates** primarily committed to supporting mutant vehicles in your camp
- **Number of campmates** primarily committed to supporting art on playa
- **Number of campmates** primarily committed to working for a Burning Man department
- **Number of campmates** primarily committed to supporting the camp and other campmates (not in-camp interactivity)

### Campers and Interactivity\*

Please describe how your camp's total population (number of campmates you answered above) will be contributing to your camp's interactivity. What will those campers be doing **in your camp** throughout the week of Burning Man to

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

contribute to your camp's interactivity?

Break the numbers down for us on how many people, what they'll do, when, and for how long. We know that some of these things may still be in the planning stage at this time, but please give us your best information.

If your camp has any Mutant Vehicles, they are not considered in-camp interactivity since their interaction is primarily not in camp. If your camp is doing public activities in deep playa or outside of camp, this is fantastic, but is not considered toward in-camp interactivity.

Please note: This is not a question about your camp's internals (i.e. build crew, kitchen crew, etc). This is about your camp's activities that are happening **in your camp** and are **publicly available to all citizens of Black Rock City**.

### Size of Camp\*

Selecting a range helps determine how much space your camp might need. It is easier to find a space for smaller camps so we advise that you be as compact as possible. **Camp/village size maximum is limited to 160,000 square feet or roughly 351-400 campers.**

Theme Camps and Villages - Interactivity is considered in relation to camp size. If your camp has more people than last year, your interactivity needs to increase proportionally, too.

**Mutant Vehicle Support Camps – The size we will approve for your camp is based on the mutant vehicle population criteria.** Please read [this page](#) to learn about the criteria before answering this question. If you request a larger camp than allowed by the criteria, the Placement Team may deny your request per the DMV.

- |  |   |
|--|---|
| <input type="checkbox"/> 2,500 square feet (3 to 6 campers)      | <input type="checkbox"/> 70,000 square feet (151 to 175 campers)  |
| <input type="checkbox"/> 5,000 square feet (7 to 12 campers)     | <input type="checkbox"/> 80,000 square feet (176 to 200 campers)  |
| <input type="checkbox"/> 7,500 square feet (13 to 18 campers)    | <input type="checkbox"/> 87,500 square feet (201 to 225 campers)  |
| <input type="checkbox"/> 10,000 square feet (19 to 25 campers)   | <input type="checkbox"/> 100,000 square feet (226 to 250 campers) |
| <input type="checkbox"/> 15,000 square feet (26 to 37 campers)   | <input type="checkbox"/> 105,000 square feet (251 to 275 campers) |
| <input type="checkbox"/> 20,000 square feet (38 to 50 campers)   | <input type="checkbox"/> 120,000 square feet (276 to 300 campers) |
| <input type="checkbox"/> 30,000 square feet (51 to 75 campers)   | <input type="checkbox"/> 122,500 square feet (301 to 325 campers) |
| <input type="checkbox"/> 40,000 square feet (76 to 100 campers)  | <input type="checkbox"/> 140,000 square feet (326 to 350 campers) |
| <input type="checkbox"/> 50,000 square feet (101 to 125 campers) | <input type="checkbox"/> 160,000 square feet (351 to 400 campers) |
| <input type="checkbox"/> 60,000 square feet (126 to 150 campers) |   |

### Percentage of New Campers\*

What is the **percentage** of people in your camp who have never attended the Burning Man event in Black Rock City before.

### Acculturation and Burning Man's 10 Principles

Burning Man relies on camps to help with acculturating new participants into our community. After a year-long community-engagement process, we developed the [Cultural Vision for Residential Black Rock City](#) in 2019, which is

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

**a guidepost for where we want our culture in Black Rock City to be in the next five to 10 years.**

Please read over the Cultural Vision and answer the questions in this section to help us understand your acculturation efforts.

### Acculturation Contact Details

Camps are Cultural Ambassadors who teach newer Burning Man participants about our culture, our community and how to live in Black Rock City.

Who in your camp is designated to educate campmates on the [10 Principles](#) and how to get involved in Black Rock City? We would like their name and email address to include them in occasional emails with information they can pass on to new and fellow campers.

You may leave this blank if you do not have someone other than yourself designated to educate campmates (no need to re-enter your own name and email address here since we already have it on file).

If possible, please use the same email address as their Burner Profile.

### 10 Principles Acculturation\*

How do you acculturate new camp members to Burning Man's 10 Principles? What are the most important principles for your camp members to know?

### 10 Principles Challenges\*

Which of the 10 Principles do you find most challenging to embody, and why?

### Radical Inclusion, Diversity and Equity (R.I.D.E.)

We envision a more radically inclusive and diverse community for Black Rock City. To learn about Burning Man Project's efforts, please review our [Radical Inclusion, Diversity and Equity](#) page.

### R.I.D.E. Efforts

On a scale of 1-5, to what degree does your theme camp advance the values of Radical Inclusion, Diversity and Equity (R.I.D.E.)

( ) 1 (not at all)

( ) 2

( ) 3 (somewhat)

( ) 4

( ) 5 (it's central to our project)

**If you answered 2 or higher to "R.I.D.E. Efforts"...**

### R.I.D.E. Details

Please describe how your camp will participate and contribute to this effort to make BRC more radically inclusive and diverse.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### **R.I.D.E. Contact Name and Email**

If possible, please use the same email address as their Burner Profile.

### **Decommodification At Burning Man**

As a citizen of Black Rock City and a camp lead, you help create a decommodified zone. The playa is a space free from advertising and transactional relationships, not beholden to corporate influence. It's one of the most important ways the Black Rock City experience is different from the other 51 weeks of the year, and we all play a part in helping keep our city unique.

This continues when we're off the playa too! Over the last few years, we've seen an increase in people posting photos from BRC on Instagram tagging the brands they're wearing or promoting products they brought with them. The playa is not a backdrop for your business! You may not use Burning Man, Black Rock City, or any imagery from the event to promote a product, service, or brand. That means your furry coats and sparkly boots, your hats and headaddresses, your necklaces and glasses, your masks and LED trinkets, your e-bikes and scooters... the list goes on.

Using the event for marketing purposes is not just a violation of [Burning Man's Principles](#), but also of our [ticket terms and conditions](#) (to which everyone agrees when they go to Black Rock City), [BLM's commercial filming policy](#), and the [criteria](#) for your camp to be in good standing with the Placement Team.

The people violating this important principle live in camps, and part of the responsibility to educate and prepare Burners starts with camp leadership. Camps are where the acculturation around [Decommodification](#) happens. We need your help to uphold this important principle with your entire camp.

### **Decommodification Commitment\***

Will you acculturate your campmates about the [Decommodification](#) principle and will your camp and campmates keep Black Rock City a decommodified zone?

☐ Yes

☐ No

### **Camp Producer\***

Is this camp being produced or built by someone other than the camp lead or person completing this Placed Camp Questionnaire?

☐ Yes ☐ No

**If you answered YES to "Camp Producer"...**

### **Camp Producer Contact Details\***

Please provide the email address of your camp's producer. If possible, please use the same email address as their Burner Profile.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### Additional Contacts

**You, the person submitting the questionnaire right now through your Burner Profile, are automatically the designated Camp Lead.**

Given the large number of camps the Placement Team interacts with and the potential for confusion, **we will only communicate with one point of contact — the Camp Lead.** The Camp Lead is also responsible for disseminating the important information shared in the Placement Newsletter with their camp mates and direct communication with the Placement Team.

**The Camp Lead can hand over the Camp Lead role to anyone at any time by letting us know at [placement@burningman.org](mailto:placement@burningman.org).** The Camp Lead is the decision maker on behalf of the camp and its resources (Steward tickets, WAPs, placement location, etc.). **Please use your Burner Profile to send the email and CC the new Camp Lead's Burner Profile email address in the email.**

It is important to consider who the additional contacts will be on the questionnaire as they will be contacted to act on behalf of the camp if the Camp Lead cannot be reached. Placement's Camp Survey Squad will also be visiting your camp on playa and will ask to meet with the Camp Lead or additional contacts.

- **1st Additional Contact Name, Role, Email, Phone Number**
- **2nd Additional Contact Name, Role, Email, Phone Number**
- **3rd Additional Contact Name, Role, Email, Phone Number**
- **4th Additional Contact Name, Role, Email, Phone Number**

### Placement Newsletter Subscription

If there are additional camp members who would like to subscribe to our Placement Newsletter, you can sign them up [here](#).

### Public Listing

**All Theme camps and Villages are required to be publicly listed.** Other camp categories have the option of being unlisted.

If your camp is publicly listed, your information may be shared in the following ways:

- Black Rock City WhatWhereWhen printed event guide and map distributed by Greeters
- Burning Man website, including the the online listing of this year's Theme Camps
- The online [Playa Events](#) directory
- The Playa Info Directory found at Playa Info in Center Camp
- [The Burning Man API](#) (which allows artists and developers to create their own applications with publicly-available data)

Your information may also be shared with public safety agencies present at the event.

# THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

## Public Listing on our website:

What you should know when you submit your camp description for [the website](#):

- Please limit your description to four to five sentences. Remember, this is our voice to the world. Please consider this when submitting.
- Your camp name will already be included at the top of your listing.
- Do not include a sector or address since your final location may be different than previous years
- Please give us the correct URL; any future changes to the web address are difficult.
- Avoid using special characters or symbols in your description.
- All submissions will be reviewed and may be edited.
- Important: Being listed on the Burning Man website does not necessarily mean your camp will receive placement.

## Text for Website Listing

Please include the description of your camp that you would like to have included on the Burning Man website. Avoid using special characters and symbols.

## Camp Hometown

What is the hometown of the camp? We know you might have campmates from lots of places, **but please choose one city and be as accurate as possible with the name.** For example, spell out "San Francisco" instead of typing "SF".

This information will be posted in our annual [BRC camp listing](#) and the volunteer built and run [Burner Network Mapping Project](#) so you can find other camps near you in the default world.

Don't forget to check for typos!

Good examples: "Reno", "Bangkok"

Bad examples: "Planet Earth", "All over", "San Francisco, Montreal, Sydney, Shanghai, Berlin"

## Camp State/Province

If your camp is based in the US or Canada, what is the state or province where the majority of your campers live?

## Camp Country

What is the country where the majority of your campers live?

## Public URL for Camp

If you have one, please enter a URL for any public website pertaining to your Camp. To honor our principle of Decommodification, please do not enter a website that promotes or sells any commercial product, service, or brand. Any such URL will not be posted.

## Public Email

If you would like a public email displayed, please include it below (we will not display the email you submitted as your camp lead unless you re-enter it here).

# THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

## Publicly Listed Camp Photo\*

Please be aware that, if you upload a camp photo later in the Camp Photo question, the first photo you upload will be used for the online camp listing posted in June and the Burning Man API (which allows artists and developers to create their own applications with publicly available data).

( ) I agree

## Camp Interactivity Description for WhatWhereWhen

The WhatWhereWhen printed guide includes a short, 100-character interactivity description for every placed and publicly listed Theme Camp and Village. Your camp's name and official address will be included. This will serve as a neighborhood guide for interactivity. There will still be individual [Playa Events](#) included in the WhatWhereWhen, which opens in June for submission.

What you should know when you submit your camp's WhatWhereWhen description:

- Please focus your description around your camp's primary interactivity.
- Include the days and approximate times when your camp is active so people know when to stop by.
- Feel free to use shorthand such as "Mon" for Monday.
- Your camp name and official address will already be included, so please do not include them in your description..
- All submissions will be reviewed and may be edited.

Example:

*Every afternoon - Life-size whack-a-mole & delicious mole sauce. Mon night - Moles & Spies party!*

## Text for WhatWhereWhen

Compose a 100-character description of your camp's interactivity that will appear in the printed WhatWhereWhen guide if your camp receives placement.

**Your camp name and official address will already be included, so don't waste characters on that information.**

## Camp Landmark\*

In the event of an emergency at your camp, it is helpful for **Emergency Services** and **Rangers** to know what to look for to quickly find your camp. This question is required so we have this information for Burning Man's safety departments onsite.

You also have the option to publish this information in the online listing of this year's Theme Camps and the Burning Man API (which allows artists and developers to create their own applications with publicly available data).

- **We will publish this information for all theme camps and villages.**
- For all other camp types, we will publish your answer if you responded "Listed" to the above question, "Do you want to publicly share your camp name, location and information?"
- If you responded "Unlisted" to the question above, your answer will not be shared publicly and will only be used internally for safety purposes.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

Please fill in the blank to indicate how someone would find your camp. Consider using the most visually obvious or distinctive part of your camp that would be visible from the street.

For example: To find our camp, look for the "large purple and blue mole figurines on the curb."

### Share Contact Info

Are you willing to share contact information with neighbor camps?

We will send your email and camp name to your neighboring camp lead and you will receive theirs if they also say "yes."

☐ Yes ☐ No

### Work Access Passes

Theme Camps and Villages that receive placement also receive Work Access Passes (WAPs) from Placement. Art Support Camps receive WAPs from the Art Department and Mutant Vehicle Camps from the DMV.

Once approved for Work Access Passes, camp leads will be provided information in July to allocate your allotment to your campmates. Unique Work Access Passes will be emailed after that allocation window has closed to your campmates as PDFs in July. As camp lead, you are responsible for carefully distributing them to your campmates.

All WAPs issued for your camp must be given only to campmates who camp within your camp before the opening of the event. They may not claim their own space in open camping, and should not attempt to save space for others in open camping. WAPs are not transferable and are only for those who are working on the camp to which they are assigned, per our [good standing criteria](#).

Please read more about WAPs and our policies [here](#) - you will be held accountable for following all rules around WAP usage.

### Who will receive the Work Access Passes?\*

Will your WAPs be going to people remaining in your camp, or to a special build crew that will not be camping with you?

☐ People who will reside at camp ☐ Special build crew not staying in our camp

### Work Access Arrival Date(s)\*

Please indicate the number of Work Access Passes you will need for your setup crew's entry into the city. If your plan includes staggered arrival dates, please tell us how many people are coming in and on which days. Giving us your staggered arrival dates is helpful for planning Gate and Greeters staffing during build week to ensure smoother entry. There will be an opportunity to update this information in May/June. Any changes to the number of passes requested must be made by the deadline (exact deadline to be announced in the Placement Newsletter).

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

Please request only the number of Work Access Passes necessary for your essential set up crew. The Placement Team will follow up via email for additional information in May/June if your requested entry days or total number of WAPs is higher than we would expect for a camp of your size.

*Note: People arriving via the [Burner Express](#) on Saturday do not need WAPs, please don't count them in your Saturday WAP request.*

Your answer must be numeric. **If you do not need any WAPs for a given day, leave it blank.** You must answer for at least one of the days below.

Monday (6 days before the event opens)	_____
Tuesday (5 days before the event opens)	_____
Wednesday (4 days before the event opens)	_____
Thursday (3 days before the event opens)	_____
Friday (2 days before the event opens)	_____
Saturday (1 day before the event opens)	_____

### Camp Placement Preferences

There are [seven placement Sectors](#) in Black Rock City corresponding to the radial street names.

Each Sector has specific areas reserved for Theme Camps and Villages, detailed below.

One virtue of a temporary city is the ability for radical changes from year to year. Keeping things dynamic and fresh also means that camps should not expect to retain the same or similar location. We cannot guarantee exact placement where requested; however, this information helps us to understand your preferences. This includes details about the amount of interactivity we look for if you request the Esplanade, Portals, Plazas, Avenues, Center Camp, Large Scale Sound, and Large Theme Camp/Village space.

Choose your preferred location and camp size.

In Black Rock City, AVENUES are the straight, radial streets from the Man, named to follow the clock face. STREETS are curved and concentric to the Man, and are named in alphabetical order, starting with "A" Street behind Esplanade and progressing away from the Man.

### Preferred Sector: Theme Camps and Villages\*

Rank your top three sector choices.

We will try to place you in one of your top 3 sectors, but this is not always possible. If you plan to have sound louder than 90 db at 20ft, you must request 2:00 or 10:00.

( ) 2:00 (2:00 to 2:30, Large Scale Sound)	( ) 7:30 (6:31-8:00)
( ) 3:00 (2:31-4:00)	( ) 9:00 (8:01-9:30)
( ) 4:30 (4:01-5:30)	( ) 10:00 (9:31-10:00, Large Scale Sound)
( ) 6:00 (5:31-6:30)	( ) Airport (requires approval)

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### Preferred Street Type\*

Choose and rank your preferred street type. We will try to give you your first choice, but it helps us to know what else you are interested in. Please refer to the location interactivity levels we hope for with each street type [here](#).

Reminder: All Esplanade, Portal, Plaza, and Avenue camps must have their frontages open and lit and night through Saturday night/Man Burn to serve as landmarks and aids for people returning back to camp.

- |                                    |  |
|------------------------------------|--|
| <input type="checkbox"/> Esplanade | <input type="checkbox"/> Streets                       |
| <input type="checkbox"/> Portals   | <input type="checkbox"/> Large Theme Camps/Villages    |
| <input type="checkbox"/> Plazas    | <input type="checkbox"/> Center Camp Plaza (6:00 only) |
| <input type="checkbox"/> Avenues   | <input type="checkbox"/> Rod's Ring Road (6:00 only)   |

### Sector vs Street Choice\*

If you had to choose, which of your requests is most important to your camp?

For example, if you chose 3:00 as your first choice sector, and the Esplanade as your first choice street type, is it more important to be in the 3:00 Sector, or to be on the Esplanade?

- |   |  |
|---|--|
| <input type="checkbox"/> First choice sector      | <input type="checkbox"/> Neither, we're happy anywhere |
| <input type="checkbox"/> First choice street type |  |

**If you choose "First choice sector" OR "First choice street type"...**

#### Preference Explanation

Please explain why you have this preference [here](#).

**You indicated that you will have \_\_\_\_ campers. This means you will get approximately \_\_\_\_\_ (dimensions).**

Please note: Camps/villages are required to have a 20' fire/service access lane only if

- They have a depth greater than 125' from any frontage on a street,
- OR They are being serviced by an OSS Vendor for water delivery or pumpouts,
- OR They are part of the BRC Fuel Program and require servicing of a generator/fuel tank that is further than 20' from the street or are within 20' but have obstructed access.

Please see details about fire lanes [here](#).

**Do you agree with this amount of space and these camp dimensions?\***

- ☐ Yes   ☐ No

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

**If you answered NO to agreeing “with this amount of space and these camp dimensions”...**

### **Different Space Needs\***

Please tell us how much square footage you think you require, what dimensions you would prefer, and give us details about what you plan to do with any extra space.

Make sure to write your dimensions on your uploaded camp plan drawing.

### **Neighbor Preferences**

As part of the effort to make Black Rock City more environmentally sustainable and in the spirit of communal effort, we will support placement of camps that are sharing infrastructure like power, transportation, and other resources, even if they're forming a HUB with other camps or not forming a HUB at all. To offer a resource or find other camps to partner with, we highly encourage you to utilize [Spark](#), a Burning Man collaboration tool.

Please specify any neighbor requests here. List any camps you would like to request to be near or away from and a brief explanation of why

For example:

*Near – Frogs and Friends Camp. We are sharing a kitchen.*

*Near - Space Camp. We're throwing a joint party.*

*Away from – Snakes and Snails Camp. Their interactivity doesn't work well with ours.*

Though it cannot be guaranteed, we will only consider "near" neighbor requests where both camps ask to be located near each other.

### **Resource Adjacency**

Check this box if your resource-sharing requires physical adjacency to another camp, like sharing a power grid.

☐ Yes, we require physical adjacency to another camp

## **Camp Planning and Logistics Information**

Please familiarize yourself with our [Camp Resource Guide](#) for information and tips on running a camp in Black Rock City.

### **Environmental Impact**

Sustainability is an important part of Burning Man's future. Our goals are to be ecologically regenerative, carbon negative, and manage waste sustainably by 2030. To learn more about this and adopt our intentions into your

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

participation in Burning Man please read and share [Burning Man Project: 2030 Environmental Sustainability Roadmap](#). Share feedback or sign up for our Sustainability Newsletter using [this form](#).

### LNT and Sustainability Contact Name\*

This person may be contacted to gather additional detail about your camp's Leave No Trace (LNT) and Sustainability efforts, and may receive additional information about Burning Man Project's efforts.

LNT is about Matter Out Of Place (MOOP).

Sustainability encompasses power, emissions, waste streams, and overall environmental impact of your camp.

### LNT and Sustainability Contact Email\*

Our LNT and Sustainability lead contact's email address is (please use this person's Burner Profile email address if possible):

### Carbon Footprint Calculation\*

Please fill out this [carbon footprint calculator](#) and report your camp's footprint in tons here.

This data will be used to get a general idea of where we currently are as a community and will have no impact on your standing with placement.

Please round to the nearest whole number.

### Purchasing Carbon Offsets\*

Does your camp intend to offset its carbon footprint by purchasing offsets? Burning Man may recommend options if you wish to, and will contact your LNT/Environment Sustainability contact with more information if we do.

☐ Yes

☐ Unsure at this time

☐ No

Is your project working towards the [Burning Man Project: 2030 Environmental Sustainability Roadmap](#) Goals (to be ecologically regenerative, carbon negative, and manage waste sustainably)? \*

☐ Yes

☐ I'm not sure, send me more information

☐ No

### If you answered YES to your project working towards the Burning Man Project Sustainability Goals...

Please describe how your camp will address the challenges of sustainability, reduce your carbon footprint, and/or experiment with innovations around regenerative living. If you have camp roles or duties specific to this initiative, please outline those here.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### Number and Type of Vehicles\*

Burning Man would like to support environmentally conscious transportation options. Please consider this as you plan your transportation to the playa.

Please specify the number of cars and large vehicles (Mutant Vehicles, RVs, trucks, buses, etc.) that will be in your camp so we can determine space needs.

### Leaving No Trace is a cornerstone of the Burning Man ethos and one of our Ten Principles.\*

[Leaving No Trace](#) starts before you head to the event. LNT peaks as you depart the event. Please think about how your camp will follow the [principles and practices of LNT](#) before, during and after the event.

Additional LNT Pledge Links:

- [Guidelines for line sweeps](#)
- [How to MOOP and Leave No Trace](#)

### As we prepare for Burning Man, we will: (All checkboxes are required):

☐ Practice the 6 R's: Rethink what you bring, Reduce trash when packing, Reuse, Recycle, Restore and Respect.

☐ Make a written plan or detailed strategy for Leaving NO Trace. Your LNT crew should be different from your set-up crew. Hold people accountable within your camp.

☐ Make arrangements to have everything picked up before the last camper departs and complete a thorough line sweep of the entire camp area. Leaving things behind is MOOP and will affect your standing with the Placement Team.

### During Burning Man, our camp will:\*

☐ Clean as you go, and never let it hit the ground!

☐ Adopt the principles and practices of Leave No Trace at Burning Man.

☐ Acculturate all camp members about minimizing our impact on the playa, learn about the Fairy Shrimp and how to protect them too.

☐ Conserve energy, use renewable energy sources and minimize waste.

☐ Collect, reduce and properly dispose of grey and black water (e.g. we will bring extra buckets to address

any leaks) as well as properly store all fuel. Grey water, black water and fuel spills are MOOP and of interest to the BLM and the Placement team. Report spills and emergencies immediately.

☐ Use or creatively reuse discarded materials for all the components of our camp structure and decorations, so that our camp is sustainable year after year.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### As we depart the playa, our camp will:

- ☐ Bring tools (rakes, magnetic rakes, brooms, MOOP sticks, etc) to clean and pick up every last nail and wood shard that dropped on the playa surface. We will leave our space and our surrounding spaces better than we found them.
- ☐ Follow the guidelines for line sweeps – performing required multiple sweeps of our camp before leaving BRC. (One sweep is not enough. Do as many passes as necessary: the strength of the line sweep is in the number of people and passes.)

- ☐ Designate a LNT MOOP team within your camp. They will document all stages of your clean up and remain on playa if you are having any materials picked up. Anything left unattended in an empty camp is considered MOOP.
- ☐ Secure all vehicles' loads to prevent windblown trash on the highway and in neighboring communities.

### Waste Sorting\*

What separately labeled waste receptacles does your camp sort waste into?

Check all that apply.

- |  |  |
|--|--|
| <input type="checkbox"/> Comingled Recycling Bin (Mixed-Recyclables) | <input type="checkbox"/> Glass                   |
| <input type="checkbox"/> Trash                                       | <input type="checkbox"/> Burnables               |
| <input type="checkbox"/> Organic waste (Compostables)                | <input type="checkbox"/> Propane/propellant cans |
| <input type="checkbox"/> Aluminum                                    | <input type="checkbox"/> Cigarette butts         |
| <input type="checkbox"/> Plastics                                    | <input type="checkbox"/> Plastic film/bags       |
| <input type="checkbox"/> Scrap metals                                |  |

### Organic Waste (Compostables)\*

What does the majority of your camp do with food/compostable waste?

- |  |   |
|--|---|
| <input type="checkbox"/> Trash it                    | <input type="checkbox"/> Dispose it via a compost service at home or facility |
| <input type="checkbox"/> Compost it for personal use | <input type="checkbox"/> Donate it to someone off-playa                       |
|  | <input type="checkbox"/> Donate it to someone/organization on-playa           |

### Waste Disposal Plan\*

Where does the majority of your camp take its waste after the event?

Learn how you can [Leave Nevada Beautiful](#) by using approved drop off locations.

- |   |  |
|---|--|
| <input type="checkbox"/> Home   | <input type="checkbox"/> Use a family/friend's waste service with their permission |
| <input type="checkbox"/> Gerlach General Improvement District (GGID) Collection program | <input type="checkbox"/> Use a random dumpster without permission                  |
| <input type="checkbox"/> An established transfer station or landfill                    | <input type="checkbox"/> Side of the road or leave in Black Rock City              |
| <input type="checkbox"/> An approved vendor through the Leave Nevada Beautiful Campaign | <input type="checkbox"/> Use the Burner Express waste/recycling program            |
| <input type="checkbox"/> Pay people or organizations to use their dumpsters             | <input type="checkbox"/> Rent a dumpster from an approved OSS provider             |
|   | <input type="checkbox"/> Other   |

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### Camp Strike Day\*

When does your camp plan to have completed your entire strike/teardown, completed your Leave No Trace plan, and left your camp's placed location?

Reminder: All Esplanade, Portal, Plaza, and Avenue camps must have their frontages open and lit at night through Saturday night/Man Burn.

☐ Friday or earlier

☐ Saturday

☐ Sunday

☐ Monday by event close at 6pm

☐ Unable to be offsite by Monday at 6pm

### Strike Plan\*

As stated in the Survival Guide, the Burning Man event ends on Monday, the day after the Temple Burns, at 6pm.

If you are unable to strike your camp and leave the event site by Monday at 6pm, your camp must have a plan in place for striking and leaving the event site efficiently.

Please answer the following questions below. We will follow up via email with more information.

1. What date and approximate time do you plan to close your camp's interactivity to the public?
2. What date and approximate time will your camp have completed your entire strike, MOOPed, and all campers have left the event site?
3. Please provide an overview of your strike plan and timeline for completion.

### Heavy Equipment Use\*

Will you be using heavy equipment (i.e. forklift, VR lift, crane) to assemble your camp?

☐ Yes

☐ No

**If you answered YES to Heavy Equipment Use...**

#### Heavy Equipment Details\*

Please describe the arrangements you have made or will make for heavy equipment (i.e. bringing your own equipment, planning to borrow equipment, or other arrangements). We highly encourage self-reliance and sharing of resources across camps as DPW's HEaT Department's support is not guaranteed.

### Outside Services Deliveries?\*

Will you or any camper be receiving any [Outside Services](#) (OSS) deliveries at the event this year?

☐ Yes ☐ No

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### If you answered YES to “Outside Service Deliveries”...

#### Outside Services Details\*

What goods and/or services are you planning to receive? Check all that apply.

- |   |  |
|---|--|
| <input type="checkbox"/> Flammable liquids and/or fuel              | <input type="checkbox"/> Waste Disposal                          |
| <input type="checkbox"/> Refrigeration Trucks/Trailers              | <input type="checkbox"/> Generator Rental and Delivery           |
| <input type="checkbox"/> Potable Water                              | <input type="checkbox"/> Power Distribution and Servicing        |
| <input type="checkbox"/> Food Delivery for campmates                | <input type="checkbox"/> Transport of Mutant Vehicles            |
| <input type="checkbox"/> Food Delivery for gifting to the community | <input type="checkbox"/> General Delivery/Trucking               |
| <input type="checkbox"/> Heavy Machinery                            | <input type="checkbox"/> Stretch Tent Rental and/or Installation |
| <input type="checkbox"/> Sanitation Services                        | <input type="checkbox"/> Dome Rental and/or Installation         |

### If you answered YES to “Outside Service Deliveries”...

#### Outside Services Provider\*

What is (are) the name(s) of your Outside Services provider(s)?

Please review [this list](#) of previously approved Outside Services (OSS) providers, and list the name(s) of the Outside Services provider(s) you are working with.

If your provider is not on that list, please put an asterisk by the name when you enter it so we know it's a new provider. Any new provider must meet the Allowable Categories of Equipment and Services [\(ACES\) criteria](#) and meet all requirements of the OSS Program and Burning Man Project.

Please note, since 2022, housing is no longer allowed to be delivered through the OSS Program. All RVs and trailers must be driven in by your campmates. Using Main Gate to deliver RVs and trailers to your camp for campmates who have not yet arrived or who are not driving them in themselves is also not allowed and will affect your standing with Placement.

### Total Number of RVs / Travel Trailers / Portable Housing Units\*

How many **total** RVs, travel trailers, or and/or portable housing units will be in your camp?

Please include any that will be brought or driven in by your campmates. Housing is no longer able to be delivered by an OSS provider (or any delivery service) so all RVs, travel trailers, and housing must be brought in by members of your camp.

Please enter numbers only, no letters or special characters.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### Total Number of Shipping Containers\*

How many shipping containers will your camp transport to Playa that are **not** part of the BRC Storage Program?

Please include:

- Shipping containers that will be brought or driven in by you or your campmates
- Shipping containers that will be delivered by an OSS vendor

If your answer is equal to or greater than 1 to “Total Number of Shipping Containers”...

### Shipping Container Transit\*

How many combined miles will the shipping container(s) travel to arrive to Black Rock City?

- If you have more than one shipping container, sum the total miles that all containers must be transported.
- Do not include shipping containers that are part of the BRC Storage Program.

Have you purchased or do you already own a year-round storage container from the BRC Storage Program?\*

☐ Yes ☐ No

If you answered YES to "Have you purchased or do you already own a year-round storage container from the BRC Storage Program”...

What is the PC# of the container that you own or has been recently purchased through the BRC Storage Program?\*

The PC# should be a three-digit number and look like this: PC008, PC036, PC125. If you have more than one, please include numbers for ALL containers that will be in your camp separated by commas. Do not use # or other special characters in your PC number.

If you do not know your container number, please check your contract for the number or contact [BRCStorage@burningman.org](mailto:BRCStorage@burningman.org). Placement cannot help you with information about your containers, contracts, storage, delivery, etc.

**You MUST include the placement of this container in the Camp Plan that is being submitted with this questionnaire.**

Do not set up camp before contacting your Placer. If there are problems with the container placement on playa, please reach out to your Placer and they will reach the PC Container Staff.

If there are questions about the maps or your container(s), please reach out to [BRCStorage@burningman.org](mailto:BRCStorage@burningman.org) directly.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### Water for Civic Benefit\*

Are you providing a public service to the community that requires a large quantity of water?

Examples include large-scale gifted beverage service, or misting system that will require over 250 gallons during the event. We may be able to assist you with procuring water, if your camp qualifies. You will need to provide your own sanitized 50 to 250 gallon capacity tank(s). The Waterworks Program will contact you if your camp is eligible.

This program is not for personal or private use such as your camp's own drinking and/or bathing water.

☐ Yes ☐ No

### Mutant Vehicles\*

Are you planning to have any Mutant Vehicles in your Camp?

*Note: All Mutant Vehicles need to be pre-registered with the DMV. If you are planning to bring any Mutant Vehicles, you must fill out a [DMV Application](#) by their deadline.*

☐ Yes ☐ No

### If you answered YES to "Mutant Vehicles"...

#### Name(s) of Mutant Vehicle\*

- Please type the (first) mutant vehicle name *\*exactly\** as it appears in the DMV Application.
- You may add up to 6 Mutant Vehicle names in the separate fields that follow.
- Only enter one Mutant Vehicle name per box.
- If you have more than 6 Mutant Vehicles, please only include the first six.
- Please email the Placement Team at [placement@burningman.org](mailto:placement@burningman.org) with any additional Mutant Vehicles in your camp.

#### Mutant Vehicle Contacts\*

Please include the names, phone numbers, and email addresses of the main contact person associated with each Mutant Vehicle.

### Camp Power\*

What is your electrical power source?

Check all that apply.

☐ Generator

☐ Photovoltaic (solar electric)

☐ Batteries charged off-site

☐ Wind

☐ Human

☐ Battery bank for one of the above power sources

☐ Other Sources

☐ Our camp requires no power

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### Number of Generators\*

How many generators will you be using within your camp?

☐ 1-2   ☐ 3 or more

### What is the size of your solar electric system?

Use this [solar calculator](#) to calculate your solar power needs per day.

☐ Less than 10kWh

☐ 25 to 50kWh

☐ 10 to 24kWh

☐ More than 50kWh

### Kind of Fuel\*

What kind of fuel will you use to power your generator(s)?

Please select all that apply.

☐ Biodiesel

☐ Propane

☐ Ethanol

☐ Other

☐ Gasoline

☐ Compressed Natural Gas

☐ Diesel

### Greener Power Solutions

Would you be interested in receiving further information about power solutions that would reduce our overall carbon footprint?

Example: Did you know that you can store excess power from your generator in a battery bank to employ during times of low power usage? This can be a step towards reducing your fuel consumption.

☐ Yes   ☐ No, I feel comfortable with our current power solution

### Fuel Storage\*

Fuel stored in your placed camp is something we track so the Emergency Services Department is aware of hazards, should they need to respond to an emergency in your camp.

Fuel Storage is classified separately from “fuel in use”. Fuel in use includes fuel in generators, external tanks plumbed to generators, fuel tanks connected to RVs or trailers and classified for cooking, fuel tanks connected to shower trailers, and fuel containers connected to a flame effect system. This fuel amount is not counted towards total fuel stored in a camp, art piece, or mutant vehicle.

Fuel storage includes any fuel in your camp that is not classified as “in use” and comprises both liquid fuels and propane. Fuel storage areas must follow a number of guidelines including a maximum storage limit of 110 gallons, separation of the storage of liquid fuels and propane, and 100 feet of distance between neighboring fuel storage areas. All stored liquid fuels must have secondary containment, not providing this is a ticketable offense by the BLM.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

For the latest information on fuel storage, please visit the [Fuel and Hazmat Storage page](#).

### How much fuel will you be storing?

( ) None

( ) 21 or more Gallons

( ) 1-20 Gallons

### Alternative Power

Please describe your plans to use alternative power options here.

### Comments

Please list any special needs or comments that you might like to make. (Suggestions? Accolades? Complaints?)

## General Fire Safety Guidelines and Agreement

### Fire Safety Information

We are providing fire safety information to all camps, even those who indicated they are not having fire art, open fire, or flame effects in their camp at the time of filing the Camp Placement Questionnaire. If your plans change after you submit this questionnaire, please contact [placement@burningman.org](mailto:placement@burningman.org) and we will put you in touch with our fire safety team.

**Important: If you are submitting this questionnaire for a Village, you must ensure that each individual Camp with Flame Effects within your Village submits its own "Camp Within a Village" questionnaire, supplying the details of its Flame Effects and committing to the Fire Safety Agreement.**

Please read and understand the following guidelines for the safe use of fire in your Placed Camp. Please read our [Fuel and Hazmat Storage page](#) for the latest and most detailed information about safety requirements for camps and fire art.

### OPEN FIRE WITHIN CAMPS

- Open Fire within the camping area is limited to simple burning of solid or unpressurized liquid fuels away from the playa surface and within appropriate fireproof containment (e.g., burn barrels or other raised containers, lanterns, candles, etc.)
- The burning of any art installation, wooden structure, or other objects or materials in direct contact with the playa, or without appropriate fireproof containment, is not allowed in any camping area.
- If you plan you have open fire within camp including burn barrels, be sure to review and take all measures as instructed in the [Fire Art Guidelines in Theme Camps page](#).

NOTE: Remember to carefully review all of the info on that website. All of the information is important and **if you do not comply with all guidelines, you may not be allowed to have fire** in your camp, you might pose a safety risk, and it may result in ejection from the event!

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### FIRE PERFORMANCE WITHIN CAMPS

- If you plan to have Fire Performance in your camp, be sure to read through all [Fire Performance Safety Guidelines](#).
- Please be aware of your environment and surroundings any time you are performing with fire.
- Respect boundaries set by camps and campers.
- Fire can cause serious injury, disfigurement, and property damage. All fire performers must perform sober and act responsibly.

### FLAME EFFECTS AND PROPANE GAS FLAMES WITHIN CAMPS

Sometimes after applications have been submitted a camp gets an opportunity to add flame effects to their participation experience. More fire the better we say but there are still steps to follow so that you make it a smooth process. The first of these are to notify Placement ([placement@burningman.org](mailto:placement@burningman.org)) and FAST ([flame-effects@burningman.org](mailto:flame-effects@burningman.org)) via the emails below. You can also review the [Fire Art guidelines](#) and [Fire safety agreement for theme camps](#) on the Burning Man site.

### FIREWORKS IN CAMPS ARE NOT ALLOWED

ANY pyrotechnics that are not part of a pre-registered and approved art project located on the open playa is forbidden and may result in steep fines, arrest by the Bureau of Land Management (BLM) and/or Pershing County Sheriff's Office, and possible ejection from the event. Fireworks are not allowed within camping areas of BRC.

### SKY LANTERNS ARE NOT ALLOWED

The hillsides around Black Rock City are high fire risk status so Sky Lanterns are forbidden at any time during the event and may result in fines from the BLM and/or Pershing County Sheriff's Office.

#### Fire Safety Guidelines Agreement\*

Click here to confirm that you have read this page, the [Fuel and Hazmat Storage](#) page, and the [Fire Art Guidelines in Theme Camps](#) page.

Checking this box means you understand fire safety guidelines for your camp and understand the consequences of not following our guidelines.

☐ I confirm

## Fire and Laser Questions

### Flame Effects

Flame Effects are defined as "The combustion of solids, liquids, or gasses to produce thermal, physical, visual, or audible phenomena before an audience". This includes all flames that are automated, switched, pressurized or having any other action than simply being lit on fire"; as well as projects using propane or other liquid or gaseous fuels. Flame Effects do

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

not include store-bought patio heaters, fire pits, cooking units, heaters or other unmodified UL-approved devices that will be used in your camp.

Please read our [Fuel and Hazmat Storage page](#) for the latest and most detailed information about safety requirements for camps and fire art.

### If you a Theme Camp...

#### Flame Effects in Camp\*

Will you be using Flame Effects in your camp?

☐ Yes ☐ No

### If you are a Village...

#### Flame Effects in Villages

Will you be using Flame Effects in your Village?

☐ There are Flame Effects in the Village that are NOT part of a Camp Within the Village

☐ There are Flame Effects in one or more Camps Within the Village

If you answered "There are Flame Effects in the Village that are NOT part of a Camp Within the Village" to "Flame Effects in Villages"...

#### Camps in Village with Flame Effects

Please list all Camps Within the Village that will have Flame Effects. Each camp should be on a separate line.

### Fire Performance\*

Fire Performance is a group of performance arts or disciplines that involve manipulation of fire. Fire Performance typically involves tools or other objects made with one or more wicks, which are designed to sustain a flame without being consumed.

Will there be Fire Performance in your camp?

☐ Yes ☐ No

### Open Fire and Store Bought Fire Appliances\*

Will you be having any Open Fire (burn barrels, braziers, candles, etc.), or store bought patio heaters, fire pits, large cooking units, heaters or other unmodified UL-approved LP-Gas devices, or any other fire elements besides Flame Effects as described above?

☐ Yes ☐ No

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

**If you answered YES to “Open Fire and Store Bought Fire Appliances”...**

**Describe Burn Barrel and/or Fire Appliances\***

If yes, please describe the type and number of each you will use.

**Are you using lasers in your camp?\***

☐ Yes ☐ No

**If you answered YES to “Are you using lasers in your camp”...**

**Lasers at Burning Man**

Burning Man requires all lasers to be operated safely and aimed above eye level at all times. Please be sure to read our [laser guidelines](#). If you have laser-related questions, or if you would like to submit a more detailed laser plan, please contact us at [lasers@burningman.org](mailto:lasers@burningman.org).

**Who will be responsible for the safe usage of lasers in your camp?\***

**Laser Description and Safety Measures\***

Please describe the quantity and class of the laser(s) you would like to use, and your plan for the safety measures you will put in place to safely manage their use. We will discuss your plan with the laser safety contact designated above.

## Camp Plan + Dimensions from Camper

### Attention:

This page requires you to upload your Camp Layout Plan. If you need guidance, please review the Theme Camp and Village [Layout Plan Criteria & Sample](#).

**If your Camp Plan is not ready, or if you are on a mobile device, please click Save and Continue at the top of this page and come back later.**

A Camp Layout Plan is NOT required for a single Camp within a Village, but the Camps within a Village must be shown on the overall Village plan.

**If you are forming a HUBS, an earlier question asked for a layout showing all the camps in your HUB. We want to see your individual camp plan here.**

# THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

## Camp Layout Plan\*

**This question is required. Save and continue if you need to return at another time.**

Camp layout plan must be uploaded to complete this questionnaire.

Your camp layout **MUST** include ([see example of a correct plan here](#)):

- Your camp name.
- Your name and email address
- The frontage and depth dimensions of your camp, in feet.
- All vehicles (Mutant Vehicles, trucks, RVs, trailers, buses, cars, etc) associated with your camp must be within your camp's boundaries and accounted for on this layout. There is no additional parking available in Black Rock City. It is not okay for placed camps to park any vehicles in open camping!
- **Camps/villages are required to have a 20' fire/service access lane if:**
  - They have a depth greater than 125' from any frontage on a street,
  - OR They are being serviced by an OSS Vendor for water delivery or pumpouts,
  - OR They are part of the PETROL Fuel Program and require servicing of a generator/fuel tank that is further than 20' from the street or are within 20' but have obstructed access.
  - Please see details about fire lanes [here](#).
- If your camp plans to receive fuel delivery from the BRC Fuel Safety Program this year (delivery is only available for dyed diesel generators of 30+ gallons per delivery and drums of fuel) please include your generator location on your camp plan. Your generator should be no more than 20 feet away from your frontage street with a straight access for the fuel hose to reach it from the road. If you are approved to have your generator on an access road, parameters must be at 20' fire/servicing lane requirements in order to be fueled. Fire/servicing lanes must not include any sharp turns or corners, trucks must be able to pass straight through to the street. There must be clear unobstructed access to the generator from either the street or access lane.
- See more tips about generators [here](#).
- If you have a container from the Black Rock City Storage Program, you **MUST** include the placement of this container in your camp plan. Your container will be delivered and placed before you arrive on playa. If your camp plan is not accurate or your container is not properly shown with dimensions to two curb lines and where the door should open, you may not get it placed properly. Additionally, if you are using complex angles or unusual placement of the containers in the camps, you must contact BRC Storage at [brcstorage@burningman.org](mailto:brcstorage@burningman.org) first as they are limited in their ability to place the containers.

## File Requirements

- Upload only a one-page camp plan here.
- Maximum file size: 10 MB.
- Accepted file types: .jpg .jpeg .png .pdf.
- You must convert .heic format photos to jpeg before uploading. There are many [free websites](#) that offer this service.
- Filename must not have spaces.
- The file extension (i.e., .jpg) must be included.
- You must use a computer (not a phone or tablet) to upload your images.
- You must have JavaScript enabled. If you need help with that, see: [enable-javascript.com](http://enable-javascript.com).

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

If you are on a mobile device, please use Save and Continue and finish this section of the form on a computer. This is a required question, but may not function as such on a mobile device. If you do not upload your final layout plan, your questionnaire cannot be processed.

Larger files may take a couple of minutes to upload.

### Dimensions of Camp Layout

What are the dimensions (in feet) of the camp layout you just uploaded?

If your camp layout is for Center Camp, please round to the nearest 10 feet.

### Camp Frontage (in feet)\*

Please enter a number between 10 and 600. Enter a numeric value only (no letters or special characters).

### Camp Depth (in feet)\*

Please enter a number between 10 and 600. Enter a numeric value only (no letters or special characters).

### Minimum Frontage Preferred

What is the minimum frontage you prefer for your camp in feet? Please round to the nearest increment of 10'.

Placement may need to make adjustments to your camp plan to fit camps together, and understanding what your camp minimally needs can help with our mapping. We prioritize frontage for public interactivity.

### Service Lane\*

Does your camp require a service lane for fuel, water, or RV servicing?

☐ Yes ☐ No

## Camp Photos

You may optionally upload up to 2 photos of your camp from your most recent year. If you chose to list your camp photo publicly earlier, the first photo you upload in the Camp Photos section will be used for the online camp listing posted in June and the Burning Man API (which allows artists and developers to create their own applications with publicly available data).

For Theme Camps, Villages, and Camps in Village

- While we love your wonderful faces, we prefer to see your camp's built structures and public spaces rather than photos of campmates.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

- We are most interested in your camp's frontage (what it looks like from the street) and interactivity (the space where interactivity occurs).
- We are also interested in seeing your camp in the daytime and how it looks at night.

Read the [Theme Camp Criteria](#) for more about visual stimulation and interactivity.

### Camp Photos - Image Requirements

- Maximum file size: 10MB
- Accepted file types: .jpg .jpeg .png
- Filename must not have spaces.
- The file extension (i.e., .jpg) must be included.
- You must convert .heic format photos to jpeg before uploading. There are many [free websites](#) that offer this service.
- You must use a computer (not a phone or tablet) to upload your images.
- You must have JavaScript enabled. If you need help with that, see: [enable-javascript.com](http://enable-javascript.com).

If you are on a mobile device, please use Save and Continue and continue this section of the form on a computer. This is an optional question, but may not function as such on a mobile device.

If your Camp or Village has flame effects...

## Flame Effects Fire Safety Agreement

### Fire Safety Agreement: Flame Effects in Camps

Since you have indicated that you will be incorporating Flame Effects in your camp, you must read and consent to the [Flame Effects Safety Agreement](#). This information is designed to promote the safe execution of Flame Effects at Burning Man.

You must completely read and understand the [Flame Effects in Camps Guidelines](#) and [Flame Effects Safety Agreement](#) before proceeding.

Your questionnaire is not complete until you accept any and all Fire Safety-related Agreements.

If you have any questions, please email [flame-effects@burningman.org](mailto:flame-effects@burningman.org).

By checking this box, I acknowledge I have read and understand the above-linked information on [Flame Effects in Camps](#) and will comply with all applicable conditions.\*

If you do not agree to the above information, your application will **not** be accepted for Placement submission.

☐ Yes

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

**If you answered “21 or more Gallons” to “Fuel Storage”...**

### **Fire Safety Agreement: Fuel and Hazardous Materials Storage**

All participants using or storing combustible fuels at Burning Man must educate themselves about and comply with appropriate practices for storing and handling these materials.

You must completely read and understand the [Fuel and Hazardous Materials Storage Safety Information](#) before proceeding.

Your questionnaire is not complete until you accept any and all Fire Safety-related Agreements.

By checking this box, I acknowledge I have read and understand the above-linked information on [Fuel and Hazardous Materials Storage](#) and will comply with all applicable conditions.\*

If you do not agree to the above information, your application will not be accepted for Placement submission.

☐ Yes

**If your Camp or Village has flame effects...**

### **Fire Safety Questionnaire**

Please fill out the following Fire Safety Questionnaire to complete the process.

#### **Contact Info**

We understand that you may not know the answer to some of these questions, especially when it comes to safety. The Fire Art Safety Team will work with you. Simply write that you need help with the questions.

#### **Fire Safety Liaison Contact Info\***

Please provide the name, phone number, and email address of the person who is assuming responsibility for the safety of this project. This person will now be known as the Fire Safety Liaison for the project.

#### **Fire Safety Assistants**

Please provide the names of any fire safety assistants. Please list each assistant one per line. All assistants must be 21 years of age or older and trained in fire safety and suppression.

Assistant 1:

Assistant 3:

Assistant 2:

Assistant 4:

Assistant 5:

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

### Scenario

#### Flame Effects Fuels

Please list the fuels your flame effects use, and the amount of that fuel you estimate your Flame Effects to consume per 24 hours of operation. Note: burn barrels and fire performance are NOT Flame Effects; please do not list them here.

Use [flame-effects@burningman.org](mailto:flame-effects@burningman.org) for all correspondence regarding this section of the form.

#### Flame Effect Fuel Types\*

Please click all the fuel types you will use for your Flame Effects. You can enter an amount for each in the next question.

☐ Propane

☐ Gas

☐ Diesel

☐ Methanol

☐ Kerosene

☐ Naphtha

☐ Compressed Natural Gas (CNG)

☐ Hydrogen

☐ Other

#### Flame Effect Fuel Amounts\*

Gallons of Propane, Gasoline, Diesel, Methanol, Kerosene, Naphtha, Cubic Feet of Compressed Natural Gas (CNG), Cubic Feet of Hydrogen, and Gallons of Other to be used per day\*:

#### Burning Scenario\*

In the space provided below, please give a complete, detailed description of the Flame Effects you intend to show in your Camp. Please be as clear and concise as possible, while also being as detailed and technical as necessary, to fully convey how your project works and what goes into making it work that way.

We wish to know how your device operates, what fuel(s) it uses, how the fuel is stored, the components it incorporates (including regulators and the pressures you intend to set them to) the pilot light or ignition system and any other details you may have as outlined in the Fire Safety Agreement for Flame Effects.

If you have not completed the flame effects design or construction, just be as accurate and complete as you can. If we need further details or clarifications we will contact you.

#### Diagram/Schematics

For the Fire Art Safety Team to understand your safety arrangements, please create diagrams or schematics to complement the description of your project. These diagrams / schematics are critical parts of your application, and must be submitted before your application will be considered complete.

### A. INSTALLATION/PERFORMANCE AREA

Prepare a diagram showing the following locations and details within the Flame Effects installation / performance area:

- Perimeter Safety Zones: Show where the artwork stands in relationship to participants/audience/performers, indicating distances; note on the diagram how safe distances were determined.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

- Fuel Location and Supply: Location of artwork in relationship to fuel tanks, showing fuel lines and tanks in relationship to flame source
- Vehicle Protection: How the fuel tank(s) will be shielded from vehicle traffic.
- Illumination: How the installation, including fuel tanks, controls, generators, etc., will be illuminated at night.
- Fire extinguisher locations
- Location of first aid kit with burn supplies.

### B. CAMP LAYOUT

Prepare a diagram showing the following locations and details within your camp:

- Storage location(s) for flammable liquids, fuel gasses or other hazardous/flammable materials.
- Storage location(s) for empty containers, if different from above.
- Safety perimeters and barriers, and distances to public areas and habitations.
- 20' wide fire lane from street to storage location(s).
- Fire extinguisher locations.

### C. FLAME EFFECT DETAILS

Please include one or more drawings showing all plumbing, electrical, pneumatic or other technical details of your Flame Effects.

Please submit all diagrams in one of the following ways:

- Email files to us at [flame-effects@burningman.org](mailto:flame-effects@burningman.org)
- Provide us the URL of a website where we can find the diagrams
- Upload files directly into this application

#### Via the Web

Please provide a URL that directly links to the diagrams if possible. Please include http:// or https://.

### Fire Safety Diagram/Schematics File Upload

If you have completed fire safety documentation, click the BROWSE button below to upload those files. You may upload a maximum of 3 files.

PDF files preferred, but you may use any of the file types listed below.

#### Image Requirements

- Maximum file size: 10MB
- Accepted file types: .pdf .jpg .gif .jpeg .png
- You must convert .heic format photos to jpeg before uploading. There are many [free websites](#) that offer this service.
- Filename must not have spaces.
- The file extension (i.e., .jpg) must be included.

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

- You must use a computer (not a phone or tablet) to upload your images.
- You must have JavaScript enabled. If you need help with that, see: <http://www.enable-javascript.com>.

Larger files may take a few minutes to upload.

### Safety and Emergency Response Plans

#### Safety Plan\*

Please provide the safety plan for your Flame Effects installation. This plan should describe all the measures that your crew will employ to ensure that your project will be safe for participants, performers and crew, both during and after construction, and during any exhibition and subsequent clean-up.

At a minimum, it should cover:

- Types, sizes and placement of fire extinguishers or other fire suppression means that will be kept on hand
- Location and contents of first aid kit(s)
- List of Material Safety Data Sheets to be kept with the installation
- Safety training your crew members have
- Safety-specific crew roles and responsibilities
- Safety procedures and protocols
- Safety features, if any, built in to the project
- Safety perimeters, and how they are enforced

#### Emergency Response Plan\*

No matter how comprehensive your Safety Plan, bad things still happen. Your Emergency Response Plan should list all the ways things may go wrong and expose your crew or other participants to injury, and how your crew will respond when they do.

At a minimum, it should cover:

- Emergency shut-off/shut-down procedures
- Evacuation procedures
- Response to gaseous fuel leaks
- Response to liquid fuel spills
- Response to unplanned fires
- Response to damage (or incipient damage) caused by wind, vehicle collision or other physical forces
- Response to injury sustained by crew, performer or participant

## THIS IS A SAMPLE QUESTIONNAIRE

You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.

Your camp will not be considered for placement if you attempt submission using this PDF format.

**If you answered “21 or more Gallons” to “Fuel Storage”...**

### **Fuel and Storage Questionnaire**

#### **Fuel and Storage**

If you will be storing 20+ gallons of Hazardous Flammables or any potentially dangerous combustibles, liquid fuel or propane, please list; type, quantity, delivery and storage for each.

All fuel storage must comply with [BRC fuel safety and containment requirements](#). These guidelines may be adjusted as we get closer to the event. Check back into this web page in June for any updates that are relevant to your BRC camp hazmat storage.

#### **Types of Fuel Being Stored\***

Please click all the fuel types you will be storing. You can enter an amount for each in the next question.

Familiarize yourself with the [maximum allowable fuel storage](#) for liquid and compressed fuels before proceeding.

- |                                    |                                   |
|------------------------------------|-----------------------------------|
| <input type="checkbox"/> Biodiesel | <input type="checkbox"/> Methanol |
| <input type="checkbox"/> Diesel    | <input type="checkbox"/> Naphtha  |
| <input type="checkbox"/> Ethanol   | <input type="checkbox"/> Propane  |
| <input type="checkbox"/> Gasoline  | <input type="checkbox"/> Other    |
| <input type="checkbox"/> Kerosene  |                                   |

#### **Stored Fuel Amounts\***

Gallons of Biodiesel, Diesel, Ethanol, Gasoline, Kerosene, Methanol, Naphtha, Propane, Other being stored\*

### **PETROL Department: BRC Fuel Safety Program**

One of the ways you can help us protect the playa is by storing as little fuel as possible in your camp. Each point of transfer is a risk of spill, fire or worse. The BRC Fuel Safety Program is available to minimize the amount of fuel you are transporting from outside of Black Rock City. This program is run by the PETROL Team.

There are two ways to participate in the program – by delivery to your camp, or by pickup at Hell Station, which is located beyond 9:30 & K. Both require registration and approval by the BRC Fuel Program.

Dyed diesel is available for delivery to theme camps with large, diesel-powered generators that will take 30 gallons or more per delivery. If you have a small diesel generator, or one that runs on gasoline, you can fill up your CARB and EPA certified fuel containers at Hell Station and transport them back to your camp, or request a fuel drum delivered to your camp to self service your generator.

Propane is available for delivery to Theme Camps on the Esplanade, 2:00, and 10:00 roads for tanks of 100 lb. or greater capacity. Smaller cylinders and tanks can be filled at the Hell Station during normal hours of operation and transported

## THIS IS A SAMPLE QUESTIONNAIRE

*You must return to <http://profiles.burningman.org/participate/brc/> and complete through your Burner Profile.*

*Your camp will not be considered for placement if you attempt submission using this PDF format.*

back to your camp.

Important: driving once inside the event is not allowed (except for specially licensed vehicles) and this rule is strictly enforced. Use a handcart, trolley, or make friends with your neighborhood mutant vehicle to pick up fuel at Hell Station. Secondary containment for the transport is required.

Art Projects and Mutant Vehicles may sign up for fuel through their respective applications.

The BRC Fuel Program has limits to the number of generators it can service per day. Each truck can only handle a certain number of stops. If you know your needs for fuel delivery we suggest you apply early as there will be a cut-off once that limit is reached.

To apply now, visit the [Fuel Request form](#).

The PETROL Department is looking for fuel delivery partners for the event timeframe. If you are aware of an interested party please have them reach out to [petrol@burningman.org](mailto:petrol@burningman.org).

Learn more about the program, storage, and filing requirements on the [PETROL website](#).

**Do you intend to register for the BRC Fuel Program?\***

☐ Yes ☐ No
